

A NEW CENTER RISING

April, 2015

***Cobo Center is looking to hire an Electrician.***

**Position Title: Electrician**

**Job Summary:**

Under general supervision, on an assigned shift, in a large public building or group of buildings, to operate, diagnose, troubleshoot, repair and maintain electrical equipment and systems.

**Key Job Elements:**

- Measures, cuts, bends, threads, assembles, installs and pulls wiring through electrical conduit.
- Prepares sketches showing location of wiring and equipment, or follows diagrams or blueprints, ensuring that concealed wiring is installed before completion of future walls, ceilings, and flooring.
- Plans new or modified installations to minimize waste of materials, provide access for future maintenance, and avoid unsightly, hazardous, and unreliable wiring, consistent with specifications and local electrical codes
- Connects wiring to lighting fixtures and power equipment; as well as relamps and repairs lighting fixtures.
- Installs control and distribution apparatus such as switches, relays, and circuit-breaker panels
- Connects power cables to equipment, such as electric range or motor, and installs grounding leads.
- Tests continuity of circuit to ensure electrical compatibility and safety of components with testing instruments such as ohmmeter, battery and buzzer, and oscilloscope.
- Observes functioning of installed equipment or system to detect hazards and need for adjustments, relocation, or replacement.
- Repairs faulty equipment or systems.
- Able to order tools and materials to complete a project
- Other duties as assigned

**Qualifications:**

- Education – Educational background, academic qualifications and technical certifications are important and required.
- Experience – Five plus (5+) years in the operation, repair, and maintenance of a commercial buildings or industrial facility.
- Skills – Handling building operation and maintenance work. Blue print and electrical schematic reading
- Knowledge – The methods, tools, materials and equipment used. Applicable safety codes and regulations. Understand and abides by all safety regulations
- Communication Skills – Good oral, written and listening skills. Pays close attention to details.
- Change Management – Adapts to change; understands that change is constant and necessary.
- Customer Focus – Is dedicated to meeting the expectations and requirements of internal and external customers; establishes and maintains effective relationships while gaining their trust and respect.
- Organized – Uses resources and time effectively and efficiently.
- Problem Solving – Solves problems with effective solutions.
- Team Player – Creates strong morale and spirit within team; deals effectively and tactfully with departmental personnel and the public.
- Special Requirements, Licenses or Certifications: Journeyman's Electrical License
